

Demons and the Age of Pisces to Aquarius, Human Genius

-High Priest Hooded Cobra 666

Greetings to all our Comrades and Satanic people.

Now as most of you people here do know, as you know the Ancient history of the beings that ended up to be labelled by Demons in the recent hundreds of years, or the last two thousand years, you can evidently understand something. These beings were in no way negatively labelled in the past. This is fairly easy to see. Same as the Pagan Gods. They were all revered, loved and admired beings. They helped Humanity civilize, rise higher than its problems, create civilization, learn the ways to elevate itself on the highest heights. They turned us from mere animals that didn't know how to exist, into civilized, self-conscious entities. They were our loving teachers and mentors, protectors of households, countries, babies, animals and the list goes. We loved them back in the unbreakable bond of love, for which for many people survives for lifetimes.

The problems and defamation in regards to these beings, came only after the jews. Naturally, what is protective to us, like the Demons, who care about our wellbeing, defended us and tried to warn us against the jews. This is the reason the enemy hates the Demons, and with a fierce and murderous passion. They have taken all the routes possible to lie about the Pagan Gods (nowadays labeled as Demons), they have made everything to eradicate the proof of their existence, how much they were loved by Humanity and how close we were to them. They were our Gods. For those who know of one step more, they know they actually created us and planted us here and they know the story behind the ET theory of the Demons as we shared it.

Since, the enemy has tried to cover this up and destroy the Demonic legacy, same as the knowledge about magick, how to build civilizations, and the important and crucial information the Gods handed us down for our survival. Parts of these knowledge was that beings must never grow spiritually unconscious, people must be bonded, racially separated, hold good relations with their neighborhood states, cultivate the Earth in healthy ways. All these things can be seen evidently in all Ancient cities and states. Also, traditionally, all Races had a place where they were to be and exist, which is why many people are adjusted to different climates, by the laws of nature.

The enemy hates the Demons, and scorns them, lies about them and wants to sever our connection with them and our communication, so that we are alone and helpless. On the meanwhile, the enemy keeps tabs and communications with their own "ethereal" beings, namely the angels, "JHVH" and the company, for guiding the fate of the Jewish race and at the same time, find ways to exterminate all other Gentiles. This goes far deeper, into full blown warfare, between the Gentiles and the Jews. Satan and Lilith, being the original "parents" of Humanity, are getting most of the hatred and blame. The enemy wants to completely eradicate the existence of the Demons.

The fact that we know about our Ancient religion, was due to coincidences of a positive nature, so that we can finally know. The enemy tried to destroy ALL Pagan orders, ALL information, no different than how the Middle Ages killed "Witches", or how the Jewish created "ISIS" (blasphemy to our beloved Astarte) are blowing up temples and chasing the Yezidis into extinction. The "Abrahamic religions", which are from the Jewish forefather, "Abraham" are responsible for this.

Also our people need to be aware of the supposed "ET" webpages and "Theories" that are coming increasingly up as time goes. As it's evident, the enemy is a poisoner. Humanity was advancing, everyone had their own pace, until the Jews decided by the slave trade and forcing mass immigration (this isn't happening only today, but is a well-known ancient method, for instance the Turkish invasion of the West was instigated by the Jewish racial caste who was deep into the "Ottoman Empire") and wipe us all out. The enemy wants us wiped out and to enslave the rest. This goal is arrayed into the Bible. As the "ET" theories of today, many of these theories try to cover up the emerging Truth of our Ancient past. The enemy lies endlessly and they make up so many stories, that I can't really go into most of these, as we have done this before. It should be open to see for people who are spiritually higher. Spirituality answers everything on its own. Satanism means literally, Truth-ism, because Satanism is actually from the Sanskrit root of Satyan, meaning, Eternal Truth.

Literally, so many people are bleeding out all their mental issues, misinfo, Christianity, communism etc, by trying to make up more theories based on these theories. The Truths are however evident. The Gods first of all, separated all the Races on the planet on their Regions and advised AGAINST any Race mixing. All serious Ancient cultures, advised AGAINST race mixing. Naturally, people do NOT want to Race mix. This is why there are tons of propaganda to create this false communist "all equal and same" reality the enemy preaches. It would never happen otherwise. The only real solution for peace and evolution is for Races to return to their grounds, be allowed of their natural right to advance, thrive and become better.

Now in regards to the Age of Pisces and the transition to the Aquarian Age.

The New Agers and many other nuts, do assume and believe that this transition means anything by itself. In fact, it means not many things, or closely to nothing. The Age of Pisces was meant to an age of spiritual advancement, understanding, healthy compassion, deep unconscious exploration, wisdom, and of spiritual beauty, love for nature and other beings. Nothing of these things happened, thanks to the Jewish alien hybrids. The enemy merely used all the above, preyed on them, perverted them and abused these notions to create a slave racial dictatorship over the planet. The woes of love are evidently, nothing but a new

xianity, modernized rabbinical judaism in disguise.

Love has become sadomasochism, self-mutilation and destruction, slavery and even worse, death. Love has never been lower, more perverted and more worthless of a word than today, as everyone is using it and it doesn't really exist at all. People don't even love themselves, the planet, or anything else anymore. People think they are elevated, knowledgeable and happy, but they are actually living zombies walking around without a purpose in existence. The enemy chose to prey on this emotion specifically, as love, mutual understanding and beauty all have to do with Pisces. By hijacking the greater idea of the Piscean millennium, the enemy contaminated it and ruled by it. The results everyone can readily see now, as this monstrosity they created is collapsing.

The jews enslaved many Races in these last centuries, they totally destroyed and tried to wipe out the White Race, enslaved India after they took over the West, then the Black people, Destroyed the Chinese people by Communism, Wiped out again through instigation of WW1 and WW2 half of White Europe etc, exterminated ALL the old Ancient Occult Pagan Orders, the Eternal Truths known before were replaced with lies, victimization became a virtue, slavery became a thing to be cherished. The enemy then forcibly tried to mix these Races (dissolution also rules Pisces), through confusion and mass brainwashing.

Mass brainwashing became the law, wrong "gods" became Gods and the old Gods were attempted to be overthrown by the jews, suddenly the whole world found themselves with "Jesus" and other jewish imbeciles, the lie of Mohhamedanism turned the Middle East into a literal death hole, the list goes on and is endless. Now, as the illusions climax, people are bluffed so much as to want to remove their gender, with socially self-undoing (also a Piscean negative trait) prevalent social ideas. For Whites that is. Whites have been attempted both direct destruction and death, genocide and also, programming for them to destroy themselves. Deception is rampant (to where millions die everyday by hallucinogens like cigarettes, alcohol and drugs, death cults, mere purposeless suicide, depression which also rules pisces) etc. All these are in the downside of Pisces, of illusions, delusions, suicide, weakness, meekness, confusion and mass fear. Pisces also rules deep deceptions and lying, and everything that is hidden from the consciousness, all of which are negative traits and represent completely the jew. The jew being a catalyzing element, they are in essence deadly for all other Gentile people. They themselves state that they are separate, above and alone from all other Races, who they only see as cattle slaves.

This right now ties into the transitory phase between this Age and the Next age.

In the same way, the Age of Aquarius comes with very serious potentiality. On the upside, we can have an Age of high spiritualism, love of facts and knowledge, exceptional power given to individual human beings, personal and spiritual liberation, exceptional scientific advances, getting off the Karmic Wheel, experiencing the Universe, freeing the Soul of Humanity, sudden realizations, destruction of lies, curing of diseases, great scientists and people of renown will be born and the average person will be elevated higher than ever before etc. The Age of Aquarius also has to do with Truth, inventions etc. Nicola Tesla was a blessing to Humanity a Soul that came to give us the keys into the next Aquarian Age, which the enemy jew also destroyed indirectly, and promoted the shill Einstein. Tesla is the reason we have electric current and he is the Father of Electricity, worldwide, on the whole planet.

Most importantly; Humanity is seeking and finding its Divine and Racial root. In our Pagan and Ancient Gods, who created us. The enemy wants to destroy this, taint it and lie about it, so that we will lose our way. No Races, no Ancestral line, no feeling of belonging to our Race, no different and Divine Future for each of the Gentile Races.

Adolf Hitler came as a representation of the Aquarian Age. Not as a insane dictator as the enemy claims. Adolf Hitler was love inside, and outside of Germany. He was a genius and a leader of gigantic proportions, loved in all corners of the Earth on his time, and beyond.

Adolf Hitler created a paradisiac state based on laws of nature, compassion, racial understanding and with the aim of advancing Humanity and becoming a paradigm for others to follow. Everyone to one's own, guiding one's own racial fate, free, separated, as Nature intended, so that Humans are happy and free and they advance on the timeline Nature intends. Humane relations and friendship, not in accordance to weakness, meekness and senseless mercy, but loyalty in one's race and higher purpose in existence.

He gave as much power as possible for the times to the common people, in education, sexual freedoms, the freedom of belonging, rampant advances in the health sciences, all technology, the creation of Jobs and pensions so people can retire peacefully, pinnacles of civilization like the Olympic games, mass industrialization, affordability of goods, affordable cars and housing, marvelous buildings that weren't private property but property for all, and above all, revelation of the jewish criminal element worldwide. He was attacked and the creation of these people destroyed, fiercely, with them being chased down to die brutally.

The enemy, 70 years after, wants a second round on destroying these people and wiping out the White Race. There hasn't been ONE day that Hitler's Name has been defamed and cursed. Why? Because Hitler wanted the best for his people and made up a high paradigm, that others could follow and overthrow the jew, and Humanity would return in paradise once again. Hitler went against slavery of both the Palestinians, same as the states like jew ruled England, who had occupied India and "colonized" it.

Adolf Hitler did another major thing. He brought Paganism in the FRONT. He guided people back to their Pagan roots. Imagine if all people in the world did the same, and found the spiritual atrocities of the jew. How much hatred would arise? Where would they be now?

Hitler however couldn't do anything alone, at this point, but he did the Greatest thing in Human history. He shook Humanity to wake up. The jewish system made everything they could so that the manifold visions of these great men of the time, remained in vain. This is what the enemy thinks, that this is over. They happily over extended themselves to tell anyone about it. Now you see them whining all day about how they have been rediscovered, and hated again more fiercely than ever before, over what they have done. The enemy has no sense of justice. But Justice exists.

The opportunity to advance Humanity thousands of years was here, with people like Hitler, Tesla, Ford, Werner Von Braun (father of Rocket Science), Walt Disney and so many others.

Everyone in the planet would gladly benefit, except of the jew. Because the jew thrives by death, parasitizing and enslaving "progress". **These people came with GIFTS to Humanity and they were backstabbed by the jew, who thinks themselves as cattle owner of Humanity. Therefore, the fact that THEY couldn't benefit, was ENOUGH.**

The White people did not come as oppressors or monsters. They came as liberators and enemies of the jew, who manipulates and destroys Humanity for too long. The people of understanding of Truth from all places in the world understand and have understood that the jew must be dealt with. Everyone knows and is getting educated about this mutual abcess on the body of Humanity.

The jew emphatically and hatefully REFUSED. They would rather murder EVERYONE, than

allow themselves to live somewhere far away and stop parasitizing and killing the rest of mankind. Its in their nature. A flea cannot live without blood. So they keep devising more nefarious plans, catching up with the times.

The enemy however, still exists and they see all the above as a great opportunity to destroy and feast upon Humanity once more. They want to turn this Age of Freedom into an Age of complete and total slavery, through the fake frontier of freedom. However, when one sees "before" their veiled lies, you can see the Truth.

The Rabbis (Spiritual Guides of the Jewish Race) state that if they are successful, what is coming for them is the "Messianic Era", upon which, the jews will rule a global state, each will own 2800 slaves, all the World's Wealth will be on their hands, people will be forcibly controlled by technology, and as thus, jews will be turned to "Liberated Jews" and the World will become a paradise for jews, who will reign it from above, completely and forever beyond the reach of any "Goyim" (Gentiles) that want to reach them. Not only this, but Talmudic Rabbis have an actual, physical date for this.

This date is around 2150, where they say that EVERYTHING will be "paved" for the "Coming of the Jewish Messiah". Everything meaning, all cultures gone, all the people that are needed dead will be dead, all the religions of the World will be gone, history will have been wiped out, so that their "leader" will come and rule the remaining clump of Humanity, with a rod of iron, through a technological nightmare communist global state with the center of it, being Israel. This is not anyone's wishful thinking. This is the Bible and the Words of the jews themselves. The jews tried to halt and destroy science for centuries. Its well-known that Humanity was ascending higher and higher, becoming Gods of their own fate, but the jews halted and destroyed these, in Rome, Egypt, Ancient Greece and elsewhere. Now, because since of the times, they cannot stop this, they just want to use the times to their benefit.

The enemy just envisions a world like the "Matrix movie" where everyone is locked inside a virtual reality, or a world full of robots who will eventually steal off the work of all Human beings. This is the blueprint of Marxism, as Marx was the Son of a Rabbi and merely talked of the aims of his alien Race. Then, Human beings will die of starvation and the jews will just keep a moderate amount of people on the planet, just to have them as their slaves, through technological means. All others will be destroyed.

All these are sayings of Rabbis everyone can find with one mere google search. One good instance to understand the upcoming Age, is the Internet. The Internet gave power to the average people to actually see the Truth again, but on the downside, we have the deepweb and the criminality inside it, or the enemy constantly brainwashing people THROUGH the internet, push all sorts of lies, etc. At the same time, they tried to censor, destroy and they actively admit they manipulate the internet, to turn it to their advantage. However, the internet has been the undoing of the enemy. WWW in jewish Gematria is 666, which is the number of Satan, the enemy of the Jews. Satan is hated because he gives freedoms, understanding and wisdom to Humanity. Satan is the Father of Humanity.

NOTHING WILL HAPPEN "ON ITS OWN". These are just POSSIBILITIES and TENDENCIES of the FUTURE to

COME. These are *NOT* set in stone in ANYWAY! Do not let the enemy fool you. If anyone let's up on the enemy, we are sure to experience the *END* of Humanity in this new epoch.

The enemy is also glaringly aware of their revelation and possible failure. This is why they all whine about our uprising and us finding Satan and the Gods. Through this return to Ancient Pagan-hood, we can return to our Divine state and normalcy, socially, spiritually, intellectually and in all ways.

As the Demons warned us about the Jew, we have come to understand their message. Now Humanity must act on it.

One last thing. Right now, in the midst of this disaster, we had the great opportunity to be able to unite all people on Earth under a common Pagan banner, so that people must all save themselves. This is magnificent. **As the jew is a global element, the people who fight the jewish contamination must also become a global element.** We can only solve this racially separated and together, by not forgetting our common root and the destruction the jew has inflicted upon all people on Earth. The matter of saving Humanity has become a global issue. This also involves the planet. For all the lies of jews that exist in every household, every place in the World, there must also exist a Satanist, a Truth bearer, everywhere, in every home, country and state, to set their lies into the purging, once and for all.

May all the Satanic Souls be blessed,

May the Satanic Soul be Hailed,

May Satan bless our Effort!

Now and Forever!!!!

HAIL SATAN!!!!!!
